1.0 About the Program

1.1 Introduction

This manual has been developed to ensure that as the College Sport Representative, you have all of the available information at your fingertips at all times. This document is designed to encourage you to contact the UQ Sport competitions team for clarification if there is

something that is not in this manual. If you are unsure of a particular matter, please contact UQ Sport (collegecompetitions@uqsport.com.au) to ensure clarification on any matter.

UQ Sport is committed to ensuring that the ICC College Sport Competition continues to grow in stature and to ensure the delivery of a high quality, professionally administered and safe program. A heavy reliance on the program's success lies with each of you as the College Sport Representative.

Due to the varying sports contested within the College Sport Competition, this manual has been produced to clearly outline the requirements for each sport. All sports require a varying number of players to be nominated and are officiated under different guidelines. For the most part, these guidelines are set by the internationals/national/state sporting organisation. There are some variations added for differing reasons, including safety, game times and draw issues.

UQ Sport and the Heads of College have also developed policies to aid in the professional conduct and administration of the College Sport Program. Policies relate to alcohol at events, game forfeitures, safety guidelines for each sport, and student behaviour.

This manual outlines each sport and the subsequent requirements for those sports. These requirements include the number of players to be nominated, rules governing the sport, events to be competed in, first aid standards, volunteer requirements and any exceptions to the sport specific rules.

The Forfeit, Game Change and Failure to Attend policies, along with the Alcohol Policy, and ICC Code of Conduct Breaches and Penalties policy are also clearly outlined. Breaches of these policies can result in a loss of points, financial penalty, and/or suspension from attending College events.

All the relevant sporting information needed for College Sport Representatives is contained within this document.

All parties to the ICC competitions understand that gender diversity refers to a diverse range of gender expressions and identities. Anyone can compete in ICC events in a manner which best reflects their gender identity. Whilst we acknowledge that we have work to do in this space and will consult with applicable organisations (e.g. National Sporting Organisations, Pride in Sport etc) to improve our understandings, systems and processes, at this time participants who

identify as non-binary are able to compete in the gender competition they feel aligns best with their status. The point's allocations for both competitions are shown in the table below.

3rd	6	7

Game Format

The ICC sports are played in a round robin format, with fixtures resulting in a 3-2-1 system (3 points for a win; 2 for a draw; 0 for a loss / Bye). If there is a forfeit, the winning team will be allocated 3 points and the losing team will be allocated 0 points.

The exceptions being Athletics, Rowing and Swimming; for which points are recorded based on individual positions. Once the points are compiled within an event, competition points are allocated to each College based on their position in that event.

Extra Time for Draws

No extra time will be played in any fixtures, so if at the end of the allocated time of play, the score is a draw, then this will be the result recorded, and points applied accordingly.

Allocation of Points

After the completion of all fixtures / events for each sport, the College's overall position on the ladder will determine their allocation of ICC points.

Finalising Positions on the Ladder

If there is a tie in points on the competition ladder for that sport after all games in a sport have been played, the following procedures will be used to rank the Colleges:

1. The team with the higher score difference (For/Against) will be awarded the higher position.
2. If the score difference is tied, the result of the game between the two (2) tied Colleges will determine positioning.
3. If the result of the game was a draw, the Colleges shall tie for the respective position.

If there is a tie between 3 or more Colleges, the for/against in the games involving the Colleges that tied will be used as a tie breaker (See example below). If there is still a tie after calculating the score difference the Colleges shall tie for the respective position.

Examples

Grace College, Union College, and Duchesne College all finished on 15 points in the Badminton Competition. Grace beat Union 3-0; Union beat Duchesne 2-1; Duchesne beat Grace 2-1. Grace has a score difference of +2; Union has a score difference of -2; Duchesne have a score difference of 0. In this scenario, Grace finish higher on the ladder than Duchesne and Union as they have the highest score difference, Duchesne would take the next position, followed by Union.

In the event that after all the above considerations have taken place there is still a tie on the final competition ladder, then the positions' points the Colleges would ordinarily occupy are averaged out and each College is allocated accordingly.

Example

After taking into consideration points 1-3 above to determine finishing positions on the sports competition ladder, Duchesne and Grace are still tied for 2nd place. Therefore, they occupy the 2nd and 3rd position points. 2nd place is worth 8 points and 3rd place is worth 7 points.

To work out the average it is simply $(8 + 7) / 2 = 7.5$.

Therefore, both Colleges would receive 7.5 points for coming equal second.

In the event of Swimming, Athletics, Rowing the above example is used to allocate final ICC points.

Eg: If at the end of the Swimming competition that King's and Leo's both finished the event with 18 points, taking out 1st and 2nd place on the ladder, they will share the overall ICC points for their placings equally (ie. each College will each receive 7.5 ICC points $[(8+7)/2]$) with the next highest College taking third place, and 6 ICC points.

All sports are counted towards ICC points, however only the top 10 sports for each college will contribute points towards the Overall ICC Cups.

If there is a tie after the top 10 sports have been calculated, these two colleges will share the overall cup. For example, in 2018, both King's College and St John's College finished the overall ICC

sporting competition on 79 points each, so the Overall Cup was shared that year.

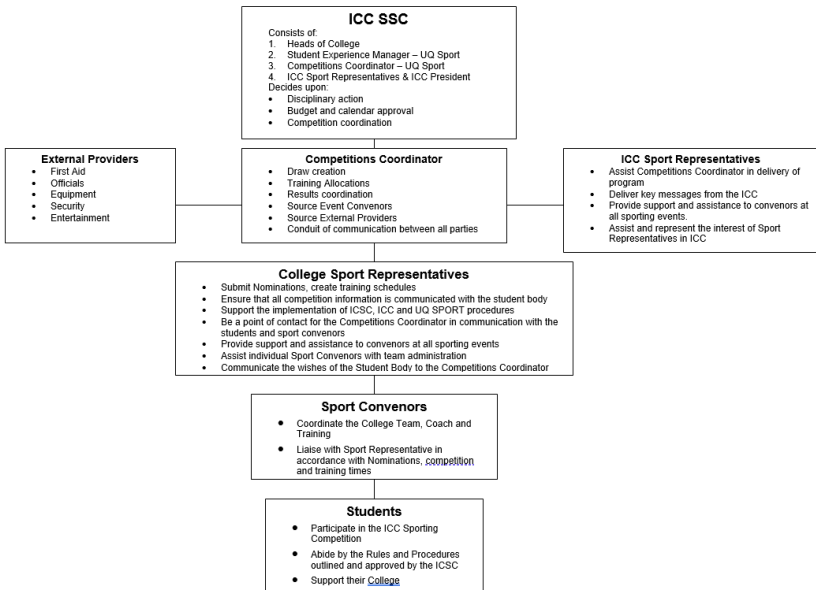

If a College doesn't participate in a sport, they will be allocated 0 points.

If a College combines a team (eg. Grace and IH combine to create one female soccer team) then those Colleges equally each get the allocation of the final ICC points allocation for that sport. The number of players per College to comprise the combined team is not applicable.

Example

Grace and IH combine to form one women's soccer team that comprises women from both Colleges. At the end of the women's soccer competition, the combined team finishes in 4th position on the ladder. Fourth position on the ladder equates to 6 ICC points, so both Grace and IH receive 6 points each. If IH have more players in the team than Grace, both Colleges still each get the allocation of the final ICC points equally.

3.0 College Sport Online Nomination Procedure

All College Sport nominations are done online. As such, it is important to outline the procedures through which you may nominate students from your College.

The nomination procedure requires a few important factors to be confirmed by a number of parties.

1. All nominated students must be members of your College – associates or past college students are **not** permitted to play.
2. Ensure that you nominate the required number of students and no more, unless this has been approved by the Competitions Coordinator, in consultation with the ICC SSC.

If any of the aforementioned requirements have been breached by a College during a game, said College shall forfeit the game in question and will be issued a fine.

All the above requirements must be met in order for the nominations to be approved. The nominations are then forwarded to your Head of College for final approval.

Throughout the year, you may receive emails from the Competitions Coordinator in regards to nominations and deadlines. It is up to the College Sport Representative to make sure these are entered on time.

Failure to submit nominations within the required time are grounds for:

- Financial Penalty
- Game Forfeiture
- Deduction of competition or ICC points

Nominations for all sports are due seven (7) days prior to a given event, though earlier submissions greatly assist in the competition organisation. The only exception to this is for Rowing where nominations are required nine (9) days prior. All nomination periods are stated within this manual, however College Sport Representative's should also consult the ICC Calendar when coordinating training times and be prepared to nominate a few weeks in advance.

The link for all online nominations can be found at the following link - <https://forms.office.com/r/Exxj8hSZiD>
There is also a link to the UQ Sport College sport website which can be found here - <https://uqsport.com.au/competitions/college/>. To complete a nomination for a sport, several important details must be submitted.

- Enter your College name, gender, which sport you're nominating a team for, as well as your full name, phone number, and email. Refer to this manual for the min / max squad size numbers.
- Enter ALL of the details requested on the nomination page. This is required to verify that all students that you nominate are students at your College.
- Finally, if you are approved extra nominations by the Competitions Coordinator, due to injury, illness or extenuating circumstances, please email the students details (Full name, date of birth, and student number) to collegecompetitions@uqsport.com.au. **DO NOT** email for normal nominations and without prior consultation with the Competitions Coordinator.

Once the details of all team members are on the nomination form, scroll to the bottom of the page and click on the "Submit Team" button.

When you submit your nomination, an email will automatically be sent to UQ Sport. You should also receive an automated email with the team that you have nominated. Please check this and ensure all details are correct. If you need to make any changes to your team nomination, please email collegecompetitions@uqsport.com.au as soon as possible with the changes.

4.0 Policies and Procedures

4.1 Overview

UQ Sport in conjunction with the Heads of College has devised several policies to aid in the conduct and administration of the program. The College Sport Code of Conduct must be adhered to at all times. This policy relates to the behaviour of College Sport participants, spectators, coaches and officials. Breaches of this and any other policies can result in disciplinary action.

The Alcohol Policy is designed to meet the following objectives:

- To ensure the safe and professional conduct of all ICC events
- To ensure the UQ Alcohol Policy is adhered to
- To minimise alcohol related incidents and harm to the individual participants
- To minimise alcohol related incidents and harm to spectators and general community
- To minimise alcohol related damage to property
- To improve and preserve the reputation of Colleges, College Sport and the University of Queensland to people in the general community.

The Forfeit, Failure to Attend and Game Change Policy is designed to meet the following objectives:

- To ensure that College teams attend games that have been scheduled
- To ensure that any changes to draws are carried out so ample notice can be given to opponents and officials
- To minimise forfeits of organised games
- To ensure that bookings can be cancelled in the event of changes
- To improve the reputation of Colleges, College Sport and the University of Queensland to people in the general community.

The Interrupted Play Guidelines are designed to clarify how points may be allocated in the event when games may be interrupted due to weather or other unforeseen/unavoidable circumstances.

All policies and guidelines are included within this manual and must be read and adhered to. It is your job as College Sport Representatives to ensure that these policies and procedures are adhered to, or the outlined disciplinary action will be enforced. Please ensure that you make each sports convenor aware of the policy and subsequent disciplinary actions.

4.2 Booking Policy

Colleges may use facilities managed by UQ Sport but must be in accordance with the guidelines listed below.

- Hire as part of your Training Allocations is included in the College Sport Fee. Additional bookings outside the training allocation schedule are charged out at a significantly discounted rate for UQ Colleges. Refer to Item 2.1 for Facility Terms and prices etc. For night trainings, lights will not go on unless you have booked the oval.
- All other UQ Sport Venues that are "Centre Managed" (Fitness, Aquatic, Athletics and Tennis Centre) will need to be booked and hired at the College rate.

4.3 College Sport Alcohol Policy

A. Objectives

This policy is designed to meet the following objectives:

- to ensure the safe and professional conduct of all ICC Sport, Cultural, and Community events
- to ensure the UQ Alcohol Policy is adhered to
- to minimise alcohol related incidents and harm to the individual participants
- to minimise alcohol related incidents and harm to spectators and general community
- to minimise alcohol related damage to property
- to improve and preserve the reputation of Colleges, ICC events and the University of Queensland to people in the general community.

B. Introduction

To assist in the achievement of the above objectives, UQ Sport and the Heads of Colleges have established a number of specific guidelines relating to the use or consumption of alcohol by any member involved in an ICC event. It is vital that strict guidelines are put in place to ensure that any ICC event is not marred by impaired and/or unsafe performances, or negatively affected from unruly behavior related to the consumption of liquor.

C. Guidelines on the Use of Alcohol

{i} Participant involvement

No participants will be permitted to compete in any ICC event if he/she is consuming alcohol or is suffering the effects of alcohol. Any such person/s will be asked to leave the venue through the captain, convenor, or relevant student or staff representative of that college. Refusal to cooperate by either the captain, convenor, student representative or participant will result in immediate expulsion of that College from the game / event and may also result in disciplinary action against the individual.

Further disciplinary action may be taken if deemed appropriate by the relevant committee. Should such an incident occur, an official written complaint from the convenor employed by UQ Sport for that event must be forwarded to the relevant committee. The submissions and complaints will then be reviewed for further disciplinary action. This may include but is not limited to:

- expulsion of that participant from the remainder of the competition
- expulsion of the team / performance from that sport / event
- deduction of points from the College for that game
- deduction of points from the College from the overall standings of that event

The relevant ICC committee will hand down this decision and that particular decision is final.

{ii} Spectator involvement

No spectators within the immediate "playing / performing arena" will be permitted to consume alcohol while an ICC event is under progress. Should a spectator be suspected of consuming alcohol or suffering the obvious effects of alcohol in this area, the person/s will be asked to leave through the relevant college representative.

Refusal to cooperate by either party will result in immediate expulsion of that team from the game and possible disciplinary action against the individual. It is the responsibility of each Colleges

representatives to ensure that all competitors, performers, and spectators are made aware of the standard of behaviour expected at ICC events.

Further disciplinary action may be taken if so desired by the relevant ICC Sub Committee upon receipt of an official written complaint from either the convenor employed by UQ Sport for that event, referees/umpires, or competing Colleges. The submissions and complaints will then be reviewed by the relevant Committee for further disciplinary action. This may include, but is not limited to:

- Banning of that spectator from other ICC events
- Expulsion of the College from that particular event

- Deduction of points from the College for that particular game / performance
- Deduction of points from the College from the overall standings of that event

Any College failing to comply with the ICC Alcohol Policy will be investigated and disciplined by the relevant committee as it sees fit. These decisions will be determined by the relevant committee and are final.

NOTE:

*The playing / performing arena is the area including the playing / performing surface as well as any areas in which spectators could view the event.

4.4 Forfeit and Schedule Change Policy

This policy is designed to meet the following objectives:

- To ensure that College teams attend their scheduled games / performances
- To minimise forfeits of organised events
- To ensure bookings can be amended / cancelled in the event of forfeits
- To improve the reputation of Colleges, The ICC Competitions, and the University of Queensland to people in the general community.

To assist in the achievement of these objectives, UQ Sport and the Heads of Colleges have established a number of specific guidelines relating to forfeiting, failing to attend or changing specific game/performance times by Colleges. It is vital that strict guidelines are put in place to ensure that any events are not interrupted due to forfeits or failure to attend.

The following guidelines outline procedures for changing game/performance times, forfeiting and failing to attend and outline disciplinary action for any breach of these guidelines. This applies to all ICC events.

i. CHANGING GAMES/PERFORMANCE TIMES IN SCHEDULED DRAWS

Prior to the beginning of the College Sport and Cultural competitions, UQ Sport will create draws and schedules, and publish them on the UQ Sport website. Once the schedules have been published, **no changes will be made to the draws and no time changes will be accepted.**

The only exception to this will be if a College was scheduled to play a game/perform on the date of their Ball or Recovery in error. Should a College be scheduled to play a game/perform on the day of their ball or Recovery, UQ Sport will make changes to the relevant schedule/s and update all Colleges ASAP. Note: the College affected can only select one day (ie. Ball date or Recovery Date) where fixtures may be amended. Pending facility availability, every effort will be made to accommodate the request, but UQ Sport reserves the right to reasonably refuse.

ii. FORFEITING OR FAILING TO ATTEND IN THE SCHEDULED DRAW:

If a College fails to arrive at a scheduled game/performance after 10 minutes of the scheduled start time, a forfeit will be called.

Should a College need to forfeit or not be able to attend a scheduled match/performance, UQ Sport must be informed as soon as possible prior to the scheduled event. Depending on the notice provided, the following disciplinary actions may be applied.

- The forfeiting College will be invoiced for costs associated with the competition as per the 3-tier policy
- Deduction of points from that particular competition and/or from overall ICC Sport or Cultural standings

The following 3 tier policy will be in place for any forfeitures in the 2024 College Sport and Cultural competitions:

- **Tier 1:** The offending College will be issued a fine of \$50 plus any charges already incurred after notifying UQ Sport that they will be forfeiting their game/performance within 72 hours of the scheduled starting time.
- **Tier 2:** The offending College will be issued a fine of \$100 plus any charges already incurred after notifying UQ Sport that they will be forfeiting their game/performance within 24 hours of the scheduled starting time.
- **Tier 3:** The offending College will be issued a fine of \$150 plus any charges already incurred after:
 - Notifying UQ Sport that they will be forfeiting the day of the game/performance OR;

- Failing to notify UQ Sport that they will be forfeiting their game/performance

If UQ Sport is provided with more than 72 hours' notice of a forfeit, the offending College will not be issued with a fine.

Example 1 – Women's College contact UQ Sport within 72 hours of their scheduled soccer match, indicating that they will have to forfeit their match. In this situation a Tier 1 forfeit breach may be imposed.

Example 2 – Union College have advised UQ Sport within 24 hours of their scheduled debating match, indicating that they will have to forfeit their match. In this situation a Tier 2 forfeit breach may be imposed.

Example 3 – International House have not shown up for their scheduled netball match, with all officials and the opposition team present, and have not contacted UQ Sport indicating they will not be attending the match. In this situation a Tier 3 forfeit breach may be imposed.

The money from each forfeit fine, less the charges already incurred shall be put towards the end of year presentation night.

The Competitions Coordinator will review each situation and liaise with the relevant committee on a suitable penalty for any infringement. The decision made by that committee will be final and any invoices will be binding and must be paid by Colleges.

Any College failing to comply with this policy will be investigated and disciplined by the Competitions Coordinator and the relevant committee as deemed appropriate. These decisions will be determined by the Competitions Coordinator and the relevant committee and are FINAL.

The scores when a forfeit occurs are as follows:

Sport	Forfeit Score
AFL incl. 12s	30-0
Badminton	21-0
Basketball	20-0
Cricket	10-0
Hockey	5-0
Netball	20-0
Rugby Union / 7s	20-0

4.5 ICC Penalties

The College Sport Agreement will outline several obligations from all parties involved. The following pages will outline instances where a party does not meet its obligations.

i. BREACHES AND RELEVANT PENALTIES

a) Breaches the ICC Code of Conduct

Introduction

The Inter-college Council (ICC) is an association incorporated pursuant to the Associations Incorporations Act (1981). The ICC's membership consists of students who reside at each of the ten residential colleges at The University of Queensland (UQ). Each of the UQ residential college's Students' Club, excepting Union College whose Head of College appoints a representative, annually contributes one elected office-bearer to administer an ICC portfolio. In collaboration with the Heads of Colleges who have ICC constitutional visitors' rights, elected ICC representatives exercise ICC rights and responsibilities in their year of election.

At all times, the ICC's Aims and Objectives complement those of The University of Queensland's Students' Union (UQU) and of University of Queensland Sport (UQ Sport), and are informed by the ICC Values Statement.

ICC Values are:

- Respect: encourage diversity through ideas, individuality and culture. This creates a vibrant and inclusive environment where respect is granted to the individual, college property and leadership across all levels;
- Community – Through teamwork and communication, members are committed to fostering a forward thinking community where all opinions and ideas are shared freely;
- Integrity – Act with a sincere moral conscience to ensure transparency and accountability of actions.

Purpose

The Inter College Council, UQ Sport and the ten residential colleges at UQ are committed to ensuring that the ICC Competition environment is safe, respectful and free from all forms of harassment, and that students acknowledge their understanding that they and/or their team and /or their Student Club will face disciplinary action/penalties for any breaches noted in the ICC Code of Conduct Breaches and Penalties Table and/or within:

- Individual College's Code of Conduct Policy
- UQ Sport Code of Conduct Policy
- ICC Cultural Code of Conduct Policy
- ICC Community Code of Conduct Policy

Scope

This policy outlines the overarching principles governing the approach to addressing any breaches of behaviour by a participant or spectator - who is a member of a UQ residential college's Student Club or a resident of Union College - at any ICC Sport, ICC Culture or ICC Community activity, which is inconsistent with the values of the ICC Values Statement.

4.8 Insurance

Claims Procedure

To make a re-imbusement claim for medical expenses, please contact the UQ Sport Competitions Coordinator (collegecompetitions@uqsport.com.au) as soon as possible.

Students who have been injured at a College Sport or Cultural Competition must have filled out an Incident Report Form at the time they were injured to make an insurance claim. Students who did not fill out an Incident Report Form can fill one out after-the-fact, however, all details must be written as if the injury just occurred.

From 2024, all Incident Report Forms are electronic. Contact the Convenor to complete one on the day or the Competitions Coordinator for any reports after the date of the injury.

Please note that the Health Insurance Act (Cth) 1973 does not permit the Insurer to contribute to any Medical Expenses covered (whether fully or partly) by Medicare (“the Medicare Gap”).

Correct completion of these forms will assist us to make accurate and faster decisions regarding our customers’ claim for benefits and ensure that where benefits are payable, they reach our customers in a timely manner. Incomplete claim forms will be returned for completion, leading to assessment delays.

To enquire further please email hr@uqsport.com.au

4.9 Interrupted Competition Guidelines

The Interrupted Competitions Guidelines are designed to inform you of the process and outcomes in the event a fixture(s) or event cannot be commenced or completed.

Competition may be interrupted in a number of ways that may include, but is not limited to:

- Weather events or potential weather events;
- Serious injury to a participant, official or spectator and it is deemed unsafe to continue;
- Operational issue (fault with lights, other venue issues, ambulance not in attendance at applicable events, on site risk assessment deems the environment is not suitable for competition);
- Inappropriate behaviour by a participant(s), official(s) or spectator(s) and it is deemed unsafe to continue.

Interrupted sporting fixtures are not to be replayed. No spare dates have been allocated in the 2024 calendar with the exception of two standalone events: swimming and athletics.

In the case of interrupted sporting fixtures, all teams scheduled to play a fixture across the same round will be allocated the same points as allocated to a drawn result (0-0) . No points will be allocated to a team which has been scheduled a bye in the 'interrupted' round.

Interrupted cultural events may be re-scheduled pending a decision from the ICC Cultural Committee and/or Heads of College, however no spare dates have been allocated in the 2024 calendar, and re-scheduling may be subject to venue/adjudicator availability. Decisions on re-scheduling Cultural events will be made if and when required.

Example:

A Netball game between Cromwell and Grace College has been cancelled due to the rain, all other games that round were played in full, and King's were allocated a bye. King's will get 0 points for the bye and all other teams in the round will receive the competition points allocated for a draw and the scores recorded as 0-0 draw. This competition will count towards the ICC Points Table.

In the unlikely event that multiple rounds are interrupted, a decision on whether the sport will count for ICC points will be made by the ICC Sports Committee/Heads of College.

The following table outlines how many players are to be nominated for the ICC Teams based on where they finished.

All ICC Team nominations must be submitted no later than **seven (7) Days** after the completion of that sport. Any College that submits nominations **after seven (7) days** may be voided.

6.0 End of Year ICC Awards

6.1 ICC Sport Male & Female Athlete Of The Year

All parties to the ICC competitions understand that gender diversity refers to a diverse range of gender expressions and identities. Anyone can compete in ICC events in a manner which best reflects their gender identity. Whilst we acknowledge that we have work to do in this space and will consult with applicable organisations (eg National Sporting Organisations, Pride in Sport etc) to improve our understandings, systems and processes, at this time participants who identify as non-binary are able to compete in the gender competition they feel aligns best with their status, and as such are eligible for nomination in the Athlete of the Year category that best aligns with the gender competition they participate in throughout the year.

Male Athlete of the Year and Female Athlete of the Year will be the person who has attained a level of excellence greater than that achieved by their peers or whose performance has been so exceptional that their achievements have identified them as being clearly outstanding from their peers in connection with the selection criteria.

Selection Criteria

- To be reviewed and updated in 2024. The aim is to have this completed by mid 2024 to include both qualitative and quantitative selection criteria.

Nominations for Male and Female Athlete of the Year are to be completed on the College Sport ICC Award nomination form. Microsoft form to be sent out closer to date. This will also be loaded on the UQ Sport website closer to the date.

6.2 Spirit of ICC Sport Award

This award will be the person that has demonstrated exceptional spirit or support during the ICC Sporting year.

Selection Criteria

- To be reviewed and updated in 2024. The aim is to have this completed by mid 2024 to include both qualitative and quantitative selection criteria.

6.3 ICC Cultural Student of the Year Award

This award will be the person that has demonstrated exceptional spirit or support during the ICC Sporting year.

Selection Criteria

- To be reviewed and updated in 2024. The aim is to have this completed by mid 2024 to include both qualitative and quantitative selection criteria.

6.4 Award Nomination and Selection Process

At the conclusion of the ICC competitions, UQ Sport will circulate an award nomination form to Sports / Cultural Reps (CC HoC & deputies).

The award nomination form will outline the closing date for nominations.

- Each College can only nominate one person per award category and the nomination must be approved by the applicable Head of College.
- Reps (College / ICC) may be nominated
- Nominations may be received by a College staff member or elected Student Rep.
- After the closing date of nominations, UQ Sport will compile all award nominees and circulate to the judging panel including the closing date for votes.
- Judging panels include the UQ Sport, HoC, Deputy HoC and ICC reps that sit in the applicable ICC Competition sub-committees:
 - Athlete of the Year (male and female): Up to 8 persons from the ICC Sports Committee (2 x Heads of College; 2 x Deputies; 2 x ICC Reps; 2 x UQ Sport reps).
 - Cultural Student of the Year: Up to 8 persons from the ICC Cultural Committee (2 x Heads of College; 2 x Deputies; 2 x ICC Reps; 2 x UQ Sport reps).
 - Spirit of ICC: Up to 8 persons from the ICC Community Committee (2 x Heads of College; 2 x Deputies; 2 x ICC Reps; 2 x UQ Sport reps).
- Each Committee member gets one voting right for each award category panel they are a part of. In the event of a tied vote, the perpetual trophies will be jointly awarded.

7.0 Sport Rules & Emergency Clause

Emergency Clause

As seen in 2020 and 2021 with the COVID-19 pandemic, the formats of how College Sport is played may be forced to change to align with government restrictions and regulations.

In the case of a local, national, or international pandemic (such as COVID-19), or in case of a general emergency where any number of sports may be impacted, UQ Sport, all Colleges, and the College Sport Competition will be guided by any and all restrictions put in place by the Queensland Government, as well as The University of Queensland.

In the event where any number of sports are forced to be suspended for any reason, UQ Sport will contact all Heads of College for their feedback and preference on the resumption of the competition. UQ Sport may also provide options or examples for how the competition can be resumed.

Once the Colleges have provided feedback to UQ Sport, any necessary changes to schedules and calendar dates will be made and communicated to College Heads and Sport Representatives as soon as possible.

Due to venue availability, sports may be required to be sorted into a pools format. In the event of a pools format, Colleges will be sorted into pools depending on where they placed in the year prior. For example,

Colleges placed 1st, 3rd, 5th, 7th, and 9th in 2021 will be placed in Pool A for 2022 and Colleges placed 2nd, 4th, 6th, and 8th in 2021 will be placed in Pool B for 2022.

The above pool allocations are subject to change. If a competition starts in a round robin format and is interrupted due to an emergency which forces a format change, the allocations may differ slightly.

In a pools format, each College will play everyone in their pool once. After the pool games are completed, each College will play 1 finals / crossover game to finish the competition.

The finals round for any sports played in pools shall be as follows:

1st/2nd – 1st Pool A vs. 1st Pool B
3rd/4th – 2nd Pool A vs. 2nd Pool B
5th/6th – 3rd Pool A vs. 3rd Pool B
7th/8th – 4th Pool A vs. 4th Pool B

In the case of pools having an uneven amount of teams, whichever team places last in the pool with more teams will not play a final game.

If there is a draw at the end of any finals games, an overtime period shall be played to determine a winner.

In the event the Emergency Clause is invoked and we move to a Pools format, the overtime periods for each sport are:

Athletics, Rowing, Swimming – N/A
AFL – 2 x 5-minute periods with teams swapping ends at the end of each period
Badminton – Play continues until a College wins by 2 points

 - Women's First IV/VIII Oar
3. For Lead-Up Regattas, each hosting College must provide the following oars for each gender applicable to their College, and it will be the hosting Colleges responsibility to bring them to the regatta:
 - Overall Men's Oar
 - Overall Women's Oar
 - Men's VIII Oar
 - Women's First IV/VIII Oar

For example:

St. John's College, which has both male and female residents, will be required to provide all four oars as outlined above. St Leo's College, which only has male residents, will only be required to provide the Overall Men's and Men's VIII Oars.

4. For both Lead-Up and ICC Regattas, the Men's and Women's Overall Oars will be awarded to the College with the highest point score in the Men's and Women's competitions respectively. In the case of a draw (if two or more Colleges have the same number of points overall) the College that receives the Overall Oars will be the College which received the highest placing in the Men's First VIII race and the Women's First IV/VIII race.

For example:

If King's College and St. Leo's College tie for Men's first place at the conclusion of a regatta, but St. Leo's came 2nd and King's came 3rd in the Men's First VIII race, the Overall Oar will be awarded to St. Leo's College. If Duchesne College and Union College tie for Women's first place at the conclusion of a regatta, but Duchesne came 4th and Union came 5th in the Women's First IV race, the Overall Oar will be awarded to Duchesne College.

5. For both Lead-Up and ICC Regattas, the Men's VIII Oar and Women's First IV/VIII Oar will be awarded to the College that wins the Men's VIII and Women's IV/VIII races – i.e. the fastest time in the race. In the case of a draw (one or more crews finish in exactly the same time), each oar will be awarded to the College with the best result in the Men's First IV and Women's Second IV race. If there was a draw in this race, the result of the Men's Second IV and Women's Third IV race will be used, and so on until a winner is determined.
6. Any College that has not hosted a regatta for two consecutive years will have their Oars returned at the completion of the college rowing season in that second year.

For example:

If Emmanuel College hosted a Lead-Up Regatta in 2011 but did not host Lead-Up Regattas in 2012 & 2013, the Colleges that won the Emmanuel College Oars in 2011 must return them to Emmanuel College by 30 June 2013.

In singles, the player whose turn it is to serve shall be the server for the first point. Their opponent shall be the server for the second and third points, and thereafter each player shall serve alternatively for two consecutive points, until the winner of the game and set has been decided.

In doubles the player whose turn it is to serve shall be the server for the first point. Thereafter each player shall serve in rotation for two points in the same order as previously in that set until the winners of the game and set have been decided.

From the first serve, each point shall be delivered alternatively from the right and left courts beginning from the right court.

Players shall change ends after every 6 games and at the conclusion of the tie break game.

8.2 Weighted Shields

The Weighted shields are currently calculated by the ICC points a College earned divided by the total number of students at the College.

E.g. In 2019, St John's Women ICC Points equalled 83 and they had 138 females at College. To calculate their percentage, the sum would be as follows:

$$\frac{83 \text{ Points}}{138 \text{ Students}} = 0.601$$

Please note that the awarding of the Weighted Shield may change in 2024 so that the overall ICC Cup winner cannot also win the Weighted Shield. Once confirmed, update info will be circulated.
