

Social Sport Competitions

Draw Information

All our Social Sport Competitions run for 10 weeks and are separated into 2 sections;

Weeks 1-7 Competition weeks (Round Robin)

Weeks 8-10 Finals weeks (combination of Knock-out Games and Social Matches)

If a competition has more than one division of teams then grading will be conducted in weeks 1-3. After the 3rd week, the teams will be divided into divisions based upon their ladder points. Points will be carried across from the grading weeks.

All teams are included in all 10 weeks of the competition.

All divisions will consist of a minimum of 4 teams and a maximum of 12 teams

Should grading weeks be necessary, teams will be graded according to their position on the ladder (ie. If there are 20 teams registered, teams placed 1st – 10th will be in division 1 and teams placed 11th – 20th will be in division 2).

Structure

Please note that not all draws will be the same through all competitions due to variations in the number of teams in the draw, times and venue availability. The information below should be used only as a general guide to our competition draws.

Weeks 1-7

Teams are randomly placed into the draw and every attempt is made to rotate the times of the games and the courts/fields amongst teams where possible. Each team should play each other at least once during weeks 1-7.

If there are odd numbers of teams in a competition then a “bye” will be implemented in that draw and will be rotated amongst teams.

Weeks 8-10

All teams are included in the Finals draw. The structure of the Finals system will be determined by the number of teams in the competition.
